Work Experience

⬤ Front End Developer at Minab IT Solutions

2023 - 2024

Built and maintained responsive websites for various clients using Vue.js, Tailwind CSS, and Nuxt.js.

⬤ Freelancing as Full stack Developer

2024 - present

As a Top-Rated Full-Stack Developer on Upwork with a 100% Job Success Score, I specialize in building dynamic, high-performance web applications using Vue.js, Nuxt, Node.js, and EJS. With deep expertise across both frontend and backend development, I deliver seamless, scalable, and efficient digital solutions tailored to meet each client's unique needs.
